

Dryden Distribution Ltd.

Date of issue: 31st July 2019

1. Identification of the substance/preparation and the company

Product name: **Dryden Mould & Lichen Killer**

Supplier: **Dryden Distribution Ltd.**

Address: **15a Piermark Drive
Albany
Auckland
New Zealand**

Telephone: **(0064) (9) 447 3995 or 0800 379 336** Telefax: **(0064) (9) 447 3994**

In case of Poisoning, telephone **National Poisons Centre: 0800 764 766** or **doctor/physician.**

Uses: **House Wash, A quaternary based cleaner for outside use, active against most common forms of bacteria, fungi, moulds, algae and lichen.**

2. Hazards identification

Cleaning Products Corrosive Group Standard

HSNO No: HSR002526

HSNO CLASSIFICATIONS: 6.1D, 6.5A, 6.5B, 6.9B, 8.2C, 8.3A, 9.1B, 9.3C.

**DANGER: KEEP OUT OF REACH OF CHILDREN.
READ LABEL BEFORE USE.**

If medical advice is needed, have product container or label at hand.

Hazardous Substances & New Organisms (HSNO) Act 1996 and Classification Regulations 2001 for the product of this concentration:

- Subclasses :
- Subclass 6.1 Category D – Substances that are **harmful in contact with skin.**
 - Subclass 6.1 Category D – Substances that are **harmful if swallowed.**
 - Subclass 6.1 Category D – Substances that are **harmful in inhaled.**
 - Subclass 6.5 Category A – Substances that **may cause allergy or asthma symptoms or breathing difficulties if inhaled.**
 - Subclass 6.5 Category B – Substances that **may cause allergic skin reaction.**
 - Subclass 6.9 Category B – Substances that **may cause damage to body organs.**
 - Subclass 8.2 Category C – Substances that **causes skin burn.**
 - Subclass 8.3 Category A – Substances that **causes serious eye damage.**
 - Subclass 9.1 Category B – Substances that are **toxic to aquatic life with long lasting effects.**
 - Subclass 9.3 Category C – Substances that are **harmful to terrestrial vertebrates.**

This Material Safety Data Sheet may not provide exhaustive guidance for all HSNO Controls assigned to this substance. The EPA Web Site should be consulted for a full list of triggered controls and cited regulations.

3. Composition/information on ingredients

Chemical name: Ingredients:	CAS-No.	%-content
Benzalkonium chloride	(8001-54-5)	100 g/l
Mineral buffer		<2%
Water		to 100%

4. First-aid measures

First Aid:	If you feel unwell: Call National Poisons Centre or doctor/physician If medical advice is needed, have this SDS or product container or label at hand.
IF SWALLOWED:	Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.
IF IN EYES:	Rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
IF ON SKIN (or hair):	Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash with plenty of soap and water. Wash contaminated clothing before reuse. If skin irritation or swelling occurs: Get medical advice/ attention Call a POISON CENTER or doctor/physician if you feel unwell
IF INHALED:	If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician if you feel unwell.
	IF exposed or if you feel unwell: Call a POISON CENTER or doctor/physician.
Advice to Doctor:	Treat patient for acute exposure to material with corrosive and toxic effects.

5. Fire-fighting measures

In Case of fire:	This product is neither flammable nor combustible. Containers subject to the heat of a prolonged fire may explode or erupt scattering contents. Where possible remove drums and containers from the path of a fire, or cool with water spray.
Special protective equipment:	Fire fighters and others exposed: wear self-contained breathing apparatus SCBA and chemical resistant suits.
Further information:	Firefighters may use fog (preferred) or water spray (not jet), foam, Co2 or dry powder to extinguish a fire in the vicinity.

6. Accidental release measures

Methods for cleaning up:	Contain from local drainage and Collect Spillage.sweep up spills Spills can produce a slippery surface. Minor spills (up to 20 litres) should be diluted with water, neutralised where possible and removed with mops, absorbed with mineral sponge, dry rags, sand, and soil. dispose of material in accordance with the local and national regulations.
Additional information:	Avoid contamination with oxidising substances.

7. Handling and storage

Handling:	Wash contaminated clothing before reuse. Use only outdoors or in a well-ventilated area. In case of inadequate ventilation wear respiratory protection. Do Not breathe fumes/mist/vapours/spray. Wear protective gloves/protective clothing/eye protection/face protection. Do not eat, drink or smoke when using this product. Wash dirtied skin thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace.
Storage:	Store drums with secure caps in sites where they can be kept cool, dry and away from heat sources. Avoid release to the environment. Collect Spillage.

8. Exposure controls and personal protection

Exposure controls:	no data is available for Dryden Mould & Lichen Killer
Eye Protection:	Safety glasses
Protective clothing:	Chemically impregnable gloves, work shoes, protective (apron or overalls).
Respiratory Protection:	In case of inadequate ventilation wear respiratory protection. These operations should be carried out by trained personnel only.
Ventilation:	Where spraying or vaporising is being carried out, ensure there is ready access to eye wash units and safety shower. Also ensure adequate ventilation is being provided in the workplace.

9. Physical and chemical properties

Form:	liquid	Colour:	Clear uncoloured liquid
Odour:	None	Viscosity:	Not Applicable
Specific Gravity:	1.00 ± 0.01		
Relative Foam:	Medium		
Refractive Index:	1.353 ± 0.005		13½Bx
Flash point:	Not Applicable		
Ignition temperature:	Not Applicable		
Solubility in water:	Completely in all proportions		
pH:	10.5 ± 0.5		

10. Stability and reactivity

Hazardous reactions:	Avoid contamination with oxidising substances. Hazardous polymerisation will not occur. Combustion of this product will release oxides of carbon and nitrogen.
----------------------	---

11. Toxicological information

No data is available for Dryden Mould & Lichen Killer.
For Benzalkonium chloride: LD50 Rat 1420 mg/kg LD50 mouse 150 mg/kg

12. Ecological information

No data is available for Dryden Mould & Lichen Killer.
For Benzalkonium chloride: LC50 flathead minnow 0.28 mg/l 96 hr exposure
EC50 daphnia magna 0.0006 mg/l 48 hr exposure

13. Disposal considerations

Disposal of product: **Dispose of waste or spilt material via an authorised person/licensed waste disposal contractor in accordance with local regulations.**
Dispose of product and container responsibly and carefully.
Do not dispose of near waterways, down drains or into soil.

Disposal of packaging: **Clean containers should not be recycled.**

14. Transport information

NZ Land Transport Rule 2005
UN Number
Dangerous Goods Class
Proper Shipping Name
Hazchem Group
Packing Group

Classified as Dangerous goods for Land Transport in New Zealand
1903
8
Disinfectant liquid, corrosive, NOS (benzalkonium chloride)
2R
III

15. Regulatory Information

Cleaning Products Corrosive Group Standard

HSNO No: HSR002526

16. Other information

Alignment to HSNO requirements

This MSDS summaries to our best knowledge at the date of issue, the chemical health and safety hazards of the material and general guidance on how to safely handle the material in the workplace.

Since Dryden Distribution Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material.

If clarification or further information is needed, the user should contact Dryden Distribution Ltd at the contact details on page 1.

The data given here is based on current knowledge and experience. The purpose of this Safety Data Sheet is to describe the products in terms of their safety requirements. The data does not signify any warranty with regard to the products' properties and does not create any legal contract.
